

James & The Giant Peach **Hair + Makeup**

All Cast Members are REQUIRED to wear makeup regardless of gender.

The makeup is designed to enhance the look of your character and make sure the audience can see your face move under bright lights. If you don't wear it you will be the only one on stage who is not. You should have your supplies no later than your dress rehearsal to practice putting it on and seeing what it looks like before the first show. I recommend practicing at least twice before dress rehearsal or practice twice in between point of purchase and your first show.

All Hair and Makeup should be done prior to arriving for a show. Be mindful of your prep time. Bring all your makeup/hair supplies for help if needed. We will have volunteers backstage to help finish what you started if needed.

Hygiene Requirements

- Have a clean, dry moisturized/primed face before makeup application
- Clean your makeup applicators before use
- Have clean, dry hair before styling your hair
- Use deodorant and let dry before a show
- Brush your teeth thoroughly before makeup application

PSA: During a day with two shows, please reapply your deodorant between shows. Reapply the makeup that got smudged after you eat. If your hair looks messy please fix it so it looks like it did when first applied.

Safety Requirements Hair

- Any tumbling actor must have their hair up and out of their face. Failure to do so can cause risk of injury including bruises, urgent care visits, hospital visits, and not being able to perform due to said injury. We want you to have fun and be safe!

Safety Requirements Makeup

- MakeUp has an expiration date upon first use. Most labels will state 6M (6 months) up to 24M (24 months) Using expired makeup can cause risks of burns, skin irritation, or requires seeking medical treatment. Please throw out any expired makeup and replace what is needed.
- Sharing makeup applicators is not allowed. This includes makeup brushes, eyeliner applicators (eyeliner directly), mascara wands (most mascaras), sponges, etc. Risks of doing this include spreading infection, skin irritations, seeking medical treatment, etc.
- If you have sensitive skin or skin allergies: you are able to purchase hypoallergenic makeup that is the equivalent to stage makeup.

- Wash makeup off your face after every show with a moisturizer applied on top before removal. POND'S cream works the best, but any unscented lotion or Moisturizer will do the trick. Washing your face after every show prevents breakouts or skin irritations. Nothing hurts more or is more annoying than day-old mascara and eyeliner.

How to find Supplies

- Ben Nye Theater Kits: This is your best option. This makeup is designed for the stage in thickness and requirement to have your facial features be seen. Make sure to check out their website to help choose which foundation shade is best for you. You can find these kits online and should be ordered based on your specific skin tone. Here are two options for ordering sites, and be sure to check the shipping date.

- <https://www.amazon.com/ben-nye-makeup-kit/s?k=ben+nye+makeup+kit>
- <https://stagemakeuponline.com/products/ben-nye-personal-creme-kit>

Additional purchase: Mascara (not included in Ben Nye makeup kit). You can find this at any drug store, Walmart, Target, Amazon, Sephora, etc.

Hypoallergenic alternative list requirements:

Find your local makeup store like Ulta or Sephora to get help in finding the products best for you. This is the list you should give them:

- Foundation
- Bronzer
- Highlighter
- Nude eyeshadow pallet (small)
- Mascara
- Blush
- Eyeliner
- Lipstick
- Applicators (Brushes)
- Setting powder

You can also find these supplies on your own at Target, Walmart, CVS, or Amazon.

- Hair supplies can be found on Amazon, Walmart, Target, Ulta, Sephora, etc. Bobby Pins and Hair ties should match the hair color of the student.

IF YOU HAVE TROUBLE FIGURING OUT FOUNDATION SHADE GO TO A MAKEUP STORE AND THEY WILL SHADE MATCH YOU.

PSA: While we know our children are absolutely wonderful humans, do NOT allow your tween to shop for these items unaccompanied at any store you purchase

your items. Your presence will be the best chance for a positive experience for all involved.

Additional Makeup and Hair Requirements Ensemble and Characters

Additional makeup supplies will be listed next to your role in Ensemble or as a character in the design section of this guide. Please see what additional supplies you need.

Please use additional hats, wigs, or hair accessories assigned by costumes.

Character Design

Leads

- **James**
 - Hair
 - Hair neatly parted to the side. Combed in the front and teased messy in the back.
 - Makeup
 - Eyes
 - Basic stage makeup routine. Put a medium shaded contour in and around the eyes and blend into circular shape around both eyes for that no sleep look.
 - Skin
 - Basic stage makeup.
 - Contour eyes, cheeks, neck and collar bone
 - Lips
 - Natural colored lip. Slightly chapped look. Blot a matte lip color a bit lighter than natural color in the corners of the lip. Once applied use a stipple sponge to achieve this look.
- **Ladahlord**
 - Hair - pouf / pompadour using mousse/gel for a lifted and dramatic look:

- Make Up removal

You can use a plethora of options for removal from anything from cold creme to makeup wipes. Please note if your skin is sensitive, find what works for you. Here are some videos to help make the best decision for you and your child. We want to avoid leaving your face raw from the make up. Moisture is key.
